

Developing Effective Phonics Leadership

We believe that a thorough understanding of phonics lies at the root of the early learning curriculum and therefore we place a great deal of emphasis on delivering a structured and effective programme in this area. We are passionate in our commitment to ensuring that children embed the key skills necessary for them to become successful readers and writers. We know that phonics provides the key to that success.

This two day programme is designed for Reception and Year 1 teachers and Literacy Subject Leaders.

Session 1—Developing a strategic vision
Consider relevant research and pedagogy.

Session 2—Best practice in phonics 1
Observe a whole class Reception Phonics session.
Curriculum expectations. Use of different teaching models.

Session 3—Evaluating current practice
Carry out a thorough phonics audit of your school.

Session 4—Developing a strategic vision
Effective tracking, assessment and analysis.

Session 5—Best practice in phonics 2
Observe Year 1 phonics groups.
Useful resources for phonics and tricky words

Session 6—Overcoming barriers to effective phonics teaching and learning
Effective intervention strategies.
Engaging with parents.
