Children's skills in a range of sports will be enhanced with at least 2 hours of PE and Sports time allocated.	A Sports Coach worked with year 2 for one afternoon a week; SCL Sports Coaches worked with years 5 and 6 on two afternoons. Total: £6,090.00	Children tell us they enjoyed their sessions with the sports' coaches. These afternoons are a highlight. Skills are transferred to competition and the outcomes are evident.	Sustainability: Continue into 2022-2023. Potentially allocate coaches to years 3 and 4.
Children will become confident swimmers and operated safely around water as a result of weekly swimming lessons from May to October annually.	Swimming: all children had a weekly swimming lesson on site led by our swimming teachers Total : £500.00	Re-opening the pool in 2022 ensures that we can once again ensure that all children are learning to swim. In the summer months children enjoy extra PE time with the swimming session.	Sustainability: Continue into 2022-2023. We will have new coaches in 2022-2023.
Enhanced apparatus on the playground will provide children with opportunities for physical development, resilience and enjoyment	Instated a soft surface under a trim trail/adventure play area to accompany the exercise bikes, the cross trainers and the climbing wall.	A rota for use at lunchtime had to be instated due to the popularity of the equipment, such was the success.	Sustainability: Continue into 2022-2023. Consider further sports equipment we could instate.
